Backed by more than 15 years of dedication to addressing the most prominent challenges facing compliance and ethics professionals, CBI’s Global Compliance Congress for Life Sciences is the leading event for Chief Compliance Officers and their teams to learn cutting-edge strategies for designing and enhancing their programmes, partnering with the business and developing a compliant culture. Don’t miss this invaluable opportunity to address key issues and emerging trends in data privacy and protection, HCP risk management, patient engagement, scientific exchange, promotional activities and more.

2019’s KEY EXPLORATIONS AND BENEFITS INCLUDE:

- Share best practices for interacting with patients and advocacy groups
- Explore current anti-bribery and anti-corruption regulations and strategise around mitigating the risks for your business
- Compare the varying regulations for the pharmaceutical versus the medical device industry
- Share challenges and insights in peer-to-peer roundtable discussions
- GDPR implementation updates
- Unravel the compliance and legal risks in HCP sponsorships for medical education
- Gain key takeaways for conducting third-party due diligence and monitoring
- Identify the challenges with disclosure initiatives across developed and emerging markets
- Examine the risks and legal challenges around promotional activities — Speaker programs, advertising and digital media

Six Years of Compelling Content for the Life Sciences Industry:

“Very interesting topics were selected. The speakers demonstrated competency and a good level of seniority. A good amount of time was dedicated to interactions between speakers and attendees, especially considering the significant number of attendees.” — Head of Compliance, Italy, Boehringer-Ingelheim

“It has been a very useful conference covering diverse aspects of compliance which has helped me recognize other potential compliance risks that my company should assess whether all of them are duly addressed.” — Internal Audit, Grifols

“Good variety of compliance topics.” — Healthcare Compliance Officer, Janssen
In the past five years, the Global Compliance Congress for Life Sciences has brought together:
